# GREATER WILLIAMSBURG ASSOCIATION FOR VOLUNTEER ADMINISTRATION

## STRATEGIC RETREAT

Offering two sessions presented by Louis Gomez, Strategic Business Coach and CEO of The Growth Coach<sup>^</sup>®. With more than two decades of business and mentoring experience, Lou will focus on strategic planning and making the most of a strategic mindset.

### Session One: Strategic Planning

The Strategic Planning Workshop provides the essential elements for developing and executing a solid strategic plan. A successful strategic planning process requires an understanding of your organization's functions, its strengths and limitations, the objective being addressed, and the big picture. It provides an overall framework from which to work, clarifying the ends you want to achieve and the approach you will take.

### Session Two: Strategic Mindset

The Strategic Mindset process begins with time for reflection and self-assessment. What is working well and what challenges are you facing, both in your personal and professional life? We will use this "Reality Check" to challenge current mindsets, assumptions, and modes of operation, and to improve communication skills. The result is clarity of direction for success and happiness.
